Lane Closure on Northbound Sanderson Avenue Scheduled for Storm Drain Connection Work

HEMET, CA –The City of Hemet has issued a permit to Alston Construction to perform essential storm drain connection work on Sanderson Avenue as part of the required offsite improvements for the Kirby Industrial Warehouse development. Work is scheduled to begin on **Monday, June 23, at 7:00 AM** and is expected to be completed by **Thursday, June 26, at 5:00 PM**.

The project involves connecting a new storm drain system to an existing Riverside County Flood Control storm drain network located along Sanderson Avenue. The closure will be in front of the new Whittier Avenue, between Acacia Avenue and Wentworth Drive.

To Safely Perform the Work:

- The median and one northbound lane of Sanderson Avenue will be closed.
- One northbound lane will remain open at all times.
- Southbound lanes will not be impacted.

The City anticipates moderate traffic impacts and encourages drivers to plan accordingly and use alternate routes where possible. Traffic control measures will be in place throughout the project duration.

For further questions regarding the upcoming lane closure, contact the City of Hemet's Public Works Department at (951) 765-3712.
