DRINKING WATER PROBLEM CORRECTED

Customers of the City of Hemet water system were notified on May 8, 2014 of a problem with the drinking water and were advised not to give the water to infants under 6 months old or pregnant women or use it to make infant formula. We are pleased to report that the problem has been corrected as of May 9, 2014, and that it is no longer necessary to avoid giving City water to infants under 6 months old or pregnant women or use it to make infant formula. We apologize for any inconvenience and thank you for your patience.

As always, you may contact Ron Proze at (951) 765-3710 or 3777 Industrial Avenue, Hemet, CA 92545

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this public notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by the City of Hemet.

State Water System ID#: 3310016. Date distributed: May 13, 2014.
